## ADVICE FOR "LONE WOLVES"

Given the complete failure of the so-called pro-white "Movement," for the past thirty years, to produce any results whatsoever, and barring some kind of total change in economic and social conditions which might allow for the rise of a genuine White mass movement, it would appear that our only real hope lies in small numbers of people acting individually or in very small groups. (Clarification for all you keyboard commandos: "acting" means getting out from behind your computer keyboards, message forums and actually DOING something.) This is what Louis Beam and Tom Metzger have called "Leaderless Resistance."

### 1. ACT ALONE,

and I do mean ALONE. I see no need even for a "cell"; what two know, one can tell. Do not tell ANYONE AT ALL what you have done or are planning to do. Do not tell your wife, your buddies, your priest, NO ONE. Do not take notes or leave any written records, diaries, or anything of the kind. Remove yourself as much as possible from human proximity and contact so that no one will be able to notice things about you, when you come and go, the make and license number of your car, and so no one can walk in on you in your garage while you're feeding the Federal Reserve Chairman into the wood chipper or whatever. What no one sees, no one can rat about.

What no one knows, no one can tell.

### 2. DO NOT ROB BANKS

or Pizza Huts or Quickie Marts to obtain funds for your activities. The kind of thing you will most likely want to do is not really very expensive, and you can raise enough money through working for the items of equipment you will need. What you DO need is a job which is intermittent, seasonal, or which allows you to travel, which has flexible scheduling, etc. so you will have the TIME to engage in revolutionary acts.

Keep collateral illegality, like say stealing license plates to disguise a vehicle or a vehicle itself, to a minimum. Every illegal act you commit is another thread law enforcement can pull on to guide them back to you; you might end up wiping out your entire local liberal élite but get busted for a stolen license plate or knocking off a convenience store.

On the same subject: make sure all vehicles you drive are legal, inspection and registrations and tags up to date, no tail lights out or anything wrong with the car. Don't speed, don't run red lights, don't plaster your car with bumper stickers, etc. The fugitive and/or urban guerrilla's worst danger is the ROUTINE TRAFFIC STOP. Ask the Kehoe brothers.

### 3. ACT SILENTLY.

Do not send letters or make phone calls to the media boasting or claiming credit for your deeds, calling yourself the "Aryan Revolutionary Strike Force" or nonsense like that. Any such communication is a link between you and the thought police; they will analyze it, dissect it, voice-print it, spectroscopically scan it, computer-digitize it or whatever and get every last iota of information about you from it they possibly can, traces you have left without knowing it which will identify you or your location, anything they can use to trace it back to you.

You are not smart enough to beat their high forensic technology; your hope of evasion lies in giving them as little as possible to work with. Besides, the psychological impact of silent action without fanfare, quiet and deadly and unexpected, is far greater than shrill boasting or chest-beating. There will be no need to

explain to anyone that you are a White resistance fighter. Believe me, they'll know, and for their own purposes the Judeo-liberal media will shriek it from the rooftops.

#### **4. DO NOT DEFACE YOUR BODY WITH TATTOOS!**

Joseph Paul Franklin was ratted out by an emergency room nurse who recognized his tattoos. Placing a permanent, identifying mark on your body is just about the stupidest thing a young White man or woman can do. If you already have a tattoo, go get a second job at the Quickie Mart or whatever you have to do to raise the money and get it removed by laser. This will leave a scar, true, but still an unidentifiable blob of scar tissue is not the same kind of dead giveaway as a tattoo of a Confederate flag or whatever. (This is advise specifically for those whom have no identifying marks on their bodies whom are considering the life actions of a lone-wolf and in no way degrades individuals whom have already decorated their bodies with tattoos.)

#### **5. UNDERSTAND THAT YOU ARE EXPENDABLE.**

The one thing that this society can never, ever forgive---never AFFORD to forgive---is any act of direct resistance to The Iron Heel, even legal ones if they prove effective. They don't mind us sending little cut-and-paste newsletters to each other but they do keep an eye on us and any time it looks as if we might be getting together to form some kind of effective resistance, action is taken (an FBI agent told me that once). But if you actually strike a blow that causes genuine damage to the real enemy, they will NEVER, ever stop hunting you. They can't AFFORD to let anyone get away with actually hitting them; the other peasants might start getting ideas. Ask Sam Bowers or Byron De La Beckwith or some of these old Eastern European immigrants they are now dragging back to Europe to be tortured to death.

Ask that poor bastard Walter Moody whom they framed for sending those package bombs in 1990 to the judge in Alabama and that NAACP nigger; as near as I can figure Moody was victimized simply because the Feds HAD to have a conviction, COULD NOT afford to let such a bold blow be seen to go unpunished. I personally think the real bomber is still out there and was smart enough to knock it off once he realized the FEDs were handing him a pass.

In this society, at present, to resist seriously (i.e. actually to interfere with The Agenda in some way) is an act of suicide. You must accept in your own mind, before you begin, that you are committing suicide just as effectively as if you threw yourself in front of an oncoming train. In this struggle of ours we seem possessed of this completely off base idea that it is possible to DABBLE in racial politics; this hobbyist approach is the cause of most of our problems. Direct, active resistance is not a TV movie, although they may make a TV movie about you some day. You won't be around to see it if they do, or if you are then you will be suffering like an animal in one of those places which our Lords and Masters seem to have erected solely for the purpose of ensuring their own damnation . Once you begin active resistance, you will NOT be able to say "stop the merry-go-round, I want to get off!"

#### **6. Whatever you do, DON'T GROVEL!**

It is far, far better that you spend the rest of your life sitting in front of that tube swilling beer and doing nothing, than you attempt to do something, get caught, and grovel like a whipped dog in court and in the media in a hopeless bid for a mercy you will not receive.

I of all people know how difficult it is to get Generation X-ers to THINK about anything. What worries me is that we are going to have incidents of "Beavis and Butthead Do The Revolution." Beavis and Butthead are going to get caught doing something really, really stupid, and Beavis and Butthead are going to become yet one more excruciating embarrassment to us all when they grovel and weep and wail and plead for mercy, renounce their "evil racism" for the TV cameras, talk about how they are born-again Jew-Lovers in prison and come to love niggers, etc.

I would rather that no White man ever raised his hand in resistance again rather than go through another one of these disgusting spectacles. If our race is going to die, at least let us die with dignity!
