

George Lincoln Rockwell Quotes

"White Man, let us stand together to secure the survival of your people and my people, for they are one and the same - they are our beloved, miraculous, wonderful, blessed and masterful white race!"

A leopard doesn't change his spots just because you bring him in from the jungle and try to housebreak him and turn him into a pet. He may learn to sheathe his claws in order to beg a few scraps off the dinner table, and you may teach him to be a beast of burden, but it doesn't pay to forget that he'll always be what he was born: a wild animal.

Being prepared to die is one of the great secrets of living.

Communism is as Jewish as the Mafia is Italian. It's a fact that almost all of the convicted spies for communism have been atheist Jews like the Rosenbergs. And international communism was invented by the Jew Karl Marx and has since been led mostly by Jews -- like Trotsky.

Evolution shows that in the long run, if the superior mixes with the inferior, the product is halfway between, and inferior to what you started with in the original superior group - in other words, mongrelized.

Hitler produced a local "lab experiment"; he provided me with an ideology in the same way that Marx provided one for Lenin. My task is to turn this ideology into a world movement.

I just think you people would be happier back in Africa where you came from.

I think the average Jew is probably sharper intellectually than the average gentile, because for years and years he's had to live by his wits. Consequently, there has evolved a race of Jews who are more agile mentally than the rest of us.

Jews talk a lot about God. But actually their god, just like Marx said, is money. Cash!

We march and fight, to death or on to victory. Our might is right, no traitors shall prevail. Our hearts are steeled against the fiery gates of hell. No shot or shell, can still our mighty song.

We must have a foreign policy which is based only on the long-term interests of our race, not on the interest of other races or on economic considerations or anything else.

We must have a government which is not only a guarantor of public order and safety and which preserves the right of White citizens to keep and to bear arms, which is the ancient hallmark of a truly free people, but we must have government which maintains an eternal vigilance against the enemies, both internal and external, of a White America.

We must have an America in which White men and women can live and work, in their homes and in the streets of our cities, without fear.

We must make it an imperative duty of our government to protect the gifts which Nature has bestowed on America and to insure the maintenance of a clean, healthy, wholesome environment for our people.

We must never again let America be led into a fratricidal war like the last two world wars, for the sake of alien, minority interests.

We must put an end to both economic freeloading and economic exploitation in America. There must be no place for parasites who draw their sustenance from society without giving anything in return.
