

Jew Lists ~~The Aryan Nations Organization~~

Here you will find lists of jews in prominent positions in every place imaginable from the media, to Hollywood, to the government, finance, business, and beyond. These lists are provided to give visitors a glance at just how pervasive the jewish infestation of America (and the world for that matter) really is.

With Jews (officially) only making up 2% of the world's population, it's easy to see by these lists that jews are, in fact, way over represented in these positions. Everything from the universities to the halls of congress have such high populations of jews in control, it's no wonder that our world is falling apart at the seams, while jewish billionaires continue to rake in the dough, and average non-jewish humans are forced to struggle just to make ends meet, and despite all of this, most people are unable to see the difference between humans and jews!

The lists provided here are by **NO MEANS complete or all inclusive**, but will more than certainly provide enough information to prove that jews are the ones in control of all of our major faculties. There are

literally hundreds, if not thousands of other jews in places like our government, media, entertainment, corporations, etc. who's identities are hidden from the public.

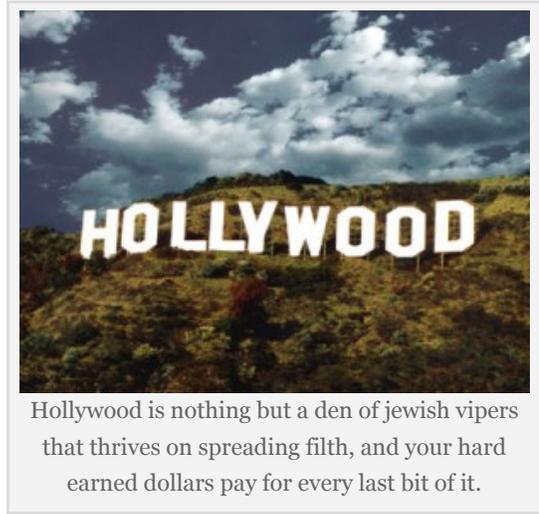

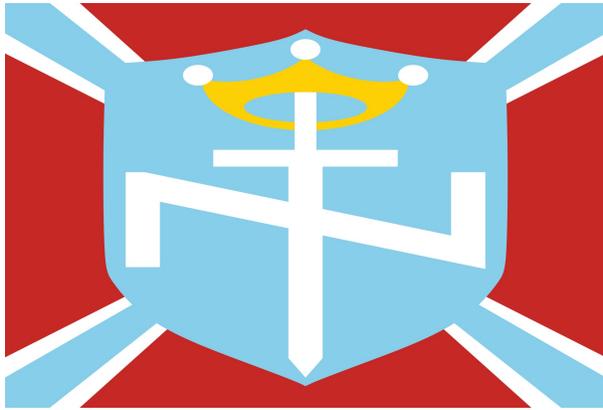

“For though art an holy people unto the Lord thy God: The Lord thy God hath chosen thee to be special people unto himself, above all people that are upon the face of the earth.” - Deuteronomy 7:6

Where possible, those often mistaken as non-jews, or who's true identity is a farce have been listed as crypto jews. It's near impossible to list every last one of them, or to root out all of the cryptos in hiding amongst our people's as "catholics" or as "white Europeans" or whatever other flavor they have used to disguise their true heritage with. Some other lists incorrectly label many jews as not jewish, and a few of those have been corrected here.

These lists have been compiled from numerous different sources, formatted, and brought together in one place. Due to this, there may be some **minor** inaccuracies in the lists, but every effort has been made to make sure they are indeed **accurate and correct**.

Some names may be listed **multiple times in several different categories**, although I have tried to keep the categories separated, and only list people one time, some may fall into a number of categories for obvious reasons, and may appear as duplicates due to the nature of the list. The information compiled here, as everything on Aryan Nations is

used in accordance with Title 17 U.S.C. Section 107 and is archived here under fair use for educational purposes only.

Should you find someone **not listed that should be**, feel free to contact me at AryanNations@ProtonMail.com Should you stumble across **anything that is inaccurate**, please be sure to contact me right away, so that it may be corrected. I have made every effort to ensure that these lists are correct, and that only truthful information is being presented, but I am only human. If you would like **someone added to the list**, provide their name and some information about their jewish heritage. If you stumble across **any of the duplicates** in the list, point them out so they may also be corrected.
