

PRACTICAL ACTIVISM FOR EVERY MAN

Activism on behalf of White Americans is essential for eventually providing a future for our White Children. Not everyone is required to join an organization to have an effect. Quite the opposite. Organizations are pitifully small compared to the number of folks that secretly support them.

An Organization is a mere figurehead of something much larger.

Sympathizers are the true backbone and strength of any movement. Without the sympathizers, you would have no movement at all.

I have compiled a list of effective ways to preserve, and protect White America.

1. **Slowly wean back on the amount of media you are exposed to** (TV, Movies, Radio, Written Publications). It is no secret that there is a very destructive bias exhibited that reaches the masses. Those affected include just about everyone. It destroys Creativity, Morals and Families and thus will destroy a people out of Natural Instinct in Racial Preservation.

It systematically portrays White Families as blithering idiots, while elevating the minorities and perverts to a level that is absolutely absurd, and they are using YOUR MONEY to do it with!

2. **Separate yourself from other races if possible.**

Through constant contact, hostilities, dating, marriages, and such will occur. Seek fellowship with other Whites. Western Culture can only be preserved if we can

effectively become a separate people.

3. Stop supporting Charities that play a part in our destruction.

They go nowhere without your dollars

4. Stop supporting Minority Owned and operated businesses.

Stop making their 'Convenience Store' profitable for them. Plan ahead so you can avoid them.

5. Seek out White Owned and Operated businesses and trade with them.

At least use White Cashiers and Attendants if available.

6. Stop being afraid to voice your opinion on Racial issues.

Silence many times is nothing more than consent.

7. Stop supporting Major sports whose participants are Black.

This goes along with watching who your child has as a 'Hero'.

8. Read literature from at least 50 years ago.

History as well as other issues have been sacrificed in order to give credibility to those who have destroyed America

9. Read the Classics

Aesop, Kipling, Shakespeare, etc. They are examples of European thought that have survived the test of time

10. Get out of Debt

The practice of providing the Lenders a living at your expense only makes a SLAVE out of the borrower.

11. Learn to live within your means

Simple advice with massive ramifications. Do whatever it takes to allow your wife to raise and educate the Children (our Future) at home. It may involve a bit of a Spartan lifestyle, but the rewards will come back ten fold.

12. Grow and raise more of your own food.

It is amazing how many fruits and vegetables are imported from other Countries. Again, you are supporting policies that are destroying us. Buy from local Farm Markets and such. Get involved in a Co-Op with a few friends and save while getting better quality.

13. **Wear Confederate apparel**

Dixie Outfitters clothing, rebel flag belt buckles, T-shirts, etc. Don't let the discontented few rob you of your Heritage and Birthright.

14. **Fly the Aryan Nations and Confederate Flag (Any Version)**

Do your part in standing firm upon Confederate Patriotism. Don't be ashamed to stand in the gap. Confederate Patriotism represents the original ideas of America's Founders. The Confederacy was the last Nation to stand against tyrannical abuse of Federal Power in America.
