

The code of the lone wolf:

The Aryan Nations believe the same as the late Dr. William Pierce: The time isn't yet right to start killing the ZOG vermin. We will need more support from the public behind us. It would be suicide to attack a superior military force; better off regrouping and preparing for A future racial day of reckoning. All tyrannical governments falls eventually, when the ZOG controlled US Government does crash the Skins will be ready to make the Turner diaries purifications a reality. Resistance is a lifestyle, each performs to his or her abilities. In order to maintain top military performance, It is extremely important that the wolf keep

himself physically fit and well-educated on a variety of lethal topics.

Always start off small. Many small victories are better than one huge blunder.

Knowledge is power. Learn from your mistakes as well as the mistakes of others.

Never rush into anything, time and planning are keys to success.

The less anyone else knows, the safer and more successful you will be.

Keep your mouth shut and your ears open.

Never admit to anything.

Communicate your message to others having the same beliefs as yours. But don't say anything illegal or stupid. Always assume that the person you are talking to is a Fed.

Others will notice your activities, but only a fool would take credit for them. your success should be all the recognition you need.

Never keep any records of your "hobbies".

Keep in mind that repeated activity in one area will lead to increased attention to the area and possibly to you.

Remember: never crap in your own bed.

The more you change your tactics, the more effective you will become. Random chaos is never predictable.

Never utter more than the 5 Words to any agent of ZOG: "I Have Nothing To Say." You always have the right to remain silent. Remember, the boys in blue (sold out to the Jew) will

threaten you, try to trick you and probably lie.

Never forget the first rule: "The policeman isn't your friend!"

Be warned, All narks will receive a traitors fate.

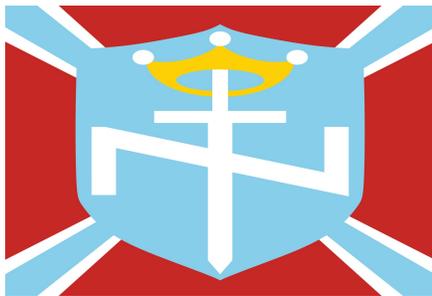

If forced to talk to a grand jury, remember just how bad your memory is. Better yet, keep your mouth shut!

The lone wolf should never directly join any white power group: Support those groups with plenty of periodic donations. Avoid Aryan conferences. At the Aryan Nations conference 2000, the FBI parked a brown van directly across from the entrance to the Nations. Everyone entering the conference had their license plate photographed and processed by the feds.

People who exist and fight as lone wolves should be complete loners. Any other person is a possible security violation, regardless of how well they are known.

Trust nobody with your life but yourself!
