

The Movement is Dead ... Long Live The Cause!

A Revolutionary Perspective by David C. Tate, POW of the Bruderschweigen

Ask any number of racists involved in whatever branch or faction of the pro-White so-called movement to define the "movement," and you will get as many different definitions as people you talk to. Ask those same people to define "The Cause" for which we fight, and, in nearly every case, you will hear: "For the preservation of our Race." The point should be clear: there is no movement. There is only The Cause.

In the past 25 years of racial awareness, this author has watched the birth and death of several hundred "movement" organizations, from fly-by-night newsletters, to large, seemingly well-structured groups. Many have fractured or divided over real or imagined disputes. Others have collapsed under the weight of Establishment pressures or arrests, from the tyranny of constant intimidation carried out by a de facto government doing the bidding of the ever present Jews behind the scene. Most have simply faded into obscurity.

The titles, designations and banners the various movement organs have concocted to identify or designate their many factions and fractures, doctrines, and beliefs, are enough to confuse not only our adversaries, but those we hope to "save." If the whole program were actually designed to confuse, it could not have been executed better. Did I say, "confuse our adversaries"?

Somehow, I do not believe they are the ones who are confused.

Ask yourself: "Where does our so-called 'movement' fit in the annals of history?" Does it stand a gnat's chance in hell of accomplishing the goal of Aryan preservation and separation with the lot of undisciplined and sometimes immoral misfits dragging us down? In most every corner of the movement we are plagued by fools, by Hollywood Nazis, by Ku Klux Klowns, by Pinheads, by Odnuts, by Jewdeos, by Identidiots and other assorted types. Sure, of those in the movement who aren't actually mongrels, the majority is probably made up of well-meaning adherents to one branch of the pro-White movement or another. However, I suspect that less than five percent of those "well-meaning" adherents actually stand up to the original, primitive standards of our Aryan ancestors, of true National Socialism, of true Christianity, of true Mythic Paganism or Odinism. The majority has never had their act together. No, not even in our "sacred" pro-White, so-called "movement."

Most of us are aware of our many shortcomings. The question is: "Why aren't we doing anything about them???" We have heard lots of talk about "leaderless resistance" over past years, and while it may be a good idea for guerilla warfare, even guerilla warriors have a unity of thought and purpose, a unity of standards that holds their factions together. We should have an advantage over the mongrels who oppose racial purity, the genetic mind of our race carries within its depths an instinctual, inborn ability to recognize "right from wrong," justice from injustice - if we would use it, perhaps then we would stand a good changes of success. These innate laws written on the heart cannot be known or understood without the presence of the Holy Spirit of Truth being invited into our hearts. But, rather than act upon our beliefs, we would rather hang

onto various delusions: "All we need is faith" (most often a by-word for excuse) ... "things will work out in the end" ... "so and so says we should wait" ... "I can't really change the outcome" ... "we can only succeed after the system collapses" ... "All we can really do is wait" ... "We must wait for the Second Coming" ... "God will let us know when it is time" ... etc., ad infinitum, ad nauseam. There may be a time and season for everything, but there are more excuses than times and seasons.

So, movement adherent, where does this leave us, since we've never been "together" on any issue? IT LEAVES US WITH The Cause, AND The Cause IS THE PRESERVATION OF OUR RACE. It can be put no more simply than that.

What exactly does The Cause require?

A We have a Territorial Imperative to establish a homeland.

B The Homeland must be free of racial aliens or we will only be starting back on square one, i.e., Total Racial Separation.

C The Natural Laws of the Homeland must be designed not just for the preservation of our Aryan Race, compatible purely to our Aryan genetic mind and patterned after our inborn understanding of "right from wrong," but geared towards the prosperity and furtherance of our kind alone. (For those unaccustomed to thinking in terms of "right from wrong," for the purposes of this article let's just say that any foolish, selfish, or immoral act that harms The Cause -- present or future -- is wrong). Any "movement" organ that does not promote these three requirements does not truly support The Cause and should be considered hereto forward either a worthless endeavor or AN ENEMY FRONT.

Now, let's consider the requirements of The Cause in further detail:

A Territorial Imperative. In Christian terms, this is stated as a territorial mandate issued to Adam's race in Genesis, where it speaks of subduing the earth and multiplying. A lesson of nature is that for a species to survive, it requires a "Territorial Imperative." For example, the wolf and the coyote are both species of canine, they can interbreed - but, for each to survive, they instinctively know that one requires a territory free from the other. Only crossbred dogs lose the instinct of "kind" and of territorial imperative from other breeds - a mongrel gains the instinct of miscegenation. In effect, a mongrel can only do one thing - mongrelize or down-breed. The natural, purebred wolf rejects the half-breed in favor of what is natural, instinctual. Races of men are not so different. White men and women exist today because in our history, our ancestors fought and died to preserve our kind. We have the same obligation to future generations.

Our most recent example of a white Homeland can only be pre-World War II Germany. Success! Between the lines of modern censors we can all read of the rise of Third Reich to prosperity and racial freedom. But what happened next? Through deceit of propaganda and political trickery, the mongrelized "Establishment" provoked the rest of the white world into murdering their neighbors and brethren.

So what is the lesson? For The Cause to be successful, ours must be a Pan-Aryan, World-Wide effort. Success in any single Aryan nation around the globe will only bring the rest of the Jewish-controlled white world down on that hopeful nation, like rabid dogs tugging on the leash

of their One World masters.

B Racial Separation. Freedom from race-mixing and down-breeding can only be accomplished when there are no other races left to mix with inside our Territorial Homeland. This is racial separation at its only possible conclusion. Moreover, it is, as the Humanists say, a basic human right. As Christians say, it is an alienable right for the white race to have its own territory free of the living death of mongrelization. This inalienable right of white men has been granted by the God of nature. We have the right to be white and have a white homeland, and the right to exercise those rights. To try and coexist in the tyranny of a mongrelizing society that promotes racial genocide of both the black and white races is an impossibility if the white race is to survive. Only a fool would disagree with these principles. They are historically evident facts. Examination of past civilizations founded upon the racial "supremacy" of whites over dominated and tolerated non-whites within the same territory can give us historical perspective on where others went wrong.

INDIA, with its ancient "caste system", where Aryans ruled from the top of a multi-layered government, where right and privilege descended from the white racial governing body in multiple layers, through tan to brown to the darkest black "dung eaters" on the very gutter level of the caste civilization, is but one example. The caste system lasted hundreds of years until it was dismantled in this last century, but the Aryans who set it up have long since ceased to exist in India. The very race this white "supremacist" system was set up to preserve were bred out of existence by their own system of "tolerance".

White supremacy existed in America before the Un-Civil War. The North outlawed slavery after the war, and "segregation" became the new form of "supremacy" meant to preserve white integrity. Segregation failed, and now America tastes the bitter results. In the same vein, White South Africa set up the "supremacist" apartheid government that failed most miserably.

So what is our lesson? Our goal must not be the band-aid of "preservation", but the cure of Total Separation, the same vision of freedom exercised by our American founding fathers, who, incidentally, guaranteed in the Constitution the right of the American white man to secede from a tyrannical government, especially one whose policy is one of racial genocide for the white race. Anything else at this hour of history will only lead to complete white genocide via race mixing, which is happening right now before your very eyes; a fact that the right wing has been warning Americans about for more than 60 years.

C Natural Law. The future Laws of our Race must be founded upon the Natural Laws of the God of Truth and Nature. Race alone is not the only issue, just our primary Truth. Our Truths must be clear, simple, and ruthless honesty. For our Race to survive, we must embrace every fact of Truth. Half-truths, half-measures, cop-outs, compromises, and outright lies will only bring us failure. For example, the half-measure of "Equal Rights of Whites", which will accomplish nothing but further down breeding. In our Territorial Homeland, the law of the land will be "Only Rights for Whites." Anything else will bring failure just as surely as the caste system, apartheid, and segregation did in their respective locations.

Another historical lesson is the BYZANTINE EMPIRE, which rose in the wake of the collapse of Rome. The white Christian leaders of Byzantium learned many lessons from the fall of the

Roman Empire. They developed three laws that became the cornerstone of their government: no racial alien could practice: 1. Government; 2. Finance; 3. Religion (a subsection of which was education). These laws worked great for a very long time; in fact, the white Christian Byzantine Empire is the longest recorded continual and unchanging government in the history of our race, spanning almost six centuries. But from whence came their demise? They had no laws to keep the racial aliens out of their country. First, while the Jews were "persecuted" for their corrupt and lawless practices throughout the world, they found Byzantine to be a safe haven from which to run their web of deceit and interest/usury finance into other nations. As long as the Jew stayed out of Byzantine politics and finance, they were free to come and go. Second, the mongrel Turks were allowed to grow in ever-increasing numbers within the borders of the Byzantine Empire, until finally one day a vile Jew opened the gates of Constantinople, and raping, pillaging Turks brought Byzantium to a bloody and total end. (Today, the Turks are Europe's "Mexican Problem.")

By the example of Byzantium, we see that such laws that promote "Only Rights for Whites" by and of themselves are not enough, Total Separation must be the Law of our Homeland. And not just separation from other races, but separation from any perversions or injustices that will degrade us back into the Sodom and Gomorrah state in which we now find our race immersed. What is the Truth? The Cause is the Truth, and the God of Truth may be found by believing the opposite of nearly every stance taken or catered to by the Establishment system of corruption currently in power. Aryan men and women, within you resides a unique genetic mind. Just as the animals of nature have instincts, our genetic mind is capable of defining for us the Truths of Right from Wrong, of Justice from Injustice, which we will hear if we only tune out the incessant babble of contrary "opinions" poured out by the mongrelized Establishment media long enough to listen to that Voice of Truth once heard and obeyed by our Aryan ancestors. Where does this leave us now? Outlining our future course is our first step, promoting it is our second. Recognizing The Cause and not "the movement" as our goal, we must now consider what will be most effective. The Cause is not a country club, it is an ideal, but, most important, it is a revolutionary ideal. Don't kid yourselves, people, what we are about is revolution, pure and simple. Though the white man has done little toward rebelling towards the tyrannical system of racial death that now holds sway over our "democratic" government. The Jewish puppets, their fellow travelers and their front men have, in the last twenty years done nothing less than set up a police state. Most recently, under their guise of "homeland security", have further usurped the Bill of Rights which guaranteed the freedom of the posterity of the founding fathers. We may expect more erosion and destruction of our basic rights as Americans from an ever increasing tyrannical government of plutocrats, materialists, homosexuals, race-mixers, and hypocrites. The truth of the matter is, for all intents and purposes, the America founded by our founding fathers no longer exists. If the mongrelizing tyrants who hold power today had their way, they would do away with the constitution and the Bill of Rights completely, as one day they will. For it is their goal to replace white America with a Communist UN one world government. We have simply been sold out, bribed out, and treated out until our domestic and foreign policies are dictated from Tel Aviv.

Sure, not all revolutions are "violent", but the one that wrenched the Aryan nations out of the hands of white sovereignty was. Take into account all of the dead since the Un-Civil War, WW I, WW II, and the no-win wars; ask any white woman or girl that has survived the rape of two-legged animals; ask any white youth that has been bussed into America's urban jungles and forced to fight or submit to non-white youths; ask the elderly who have been victimized by alien predators that have taken over their once crime-free, white neighborhoods; and, ask anyone who's fallen to prison for any good cause - from publishing "unpopular" historical opinions to practicing retroactive abortion on undesirables without a license.

It may be true that every white act of physical retribution upon a non-white is met with ten times the severity of punishment by the system than what may be normally handed down for similar "crimes," but this only proves the point of exactly "who" the real enemy of the system is: us. It should also prove to everyone in the movement that this is no game. If you play, it is time to play for keeps. We didn't choose to play this way, the system did; so stop playing around.

Several examples from history must help us set our next course for us. The first is the Ku Klux Klan. The Klan was effective for its time and place: to spook marauding niggers and thieving carpetbaggers into their place by acts of justice. But since then nearly every era of the Klan has been basically non-effective. There are heroes of the Klan: Nathan Bedford Forrest and his crew, the Greensboro Warriors. Theirs were clandestine acts of revolution and defiance that we should remember. But no objective person can believe that the Klan can possibly be the mechanism that will carry our Race into the total victory required for our survival, not even honest members of the Klan.

To go around in robes is little more than preaching to the choir and inviting your enemy to infiltrate you and wind up manipulating you. In street parlance, most Klans are owned by the local police or the FBI. The power of the Klan was the fact that it was clandestine. It was secret. You didn't tell people who you were. As long as that was the standard, then the Klan as a force under recognized leadership, was successful. We must also remember that the North was sympathetic to the plight of the harassed and degraded southern citizen. That today is no longer the case. The mass media is controlled by Humanists and homosexuals who are only too willing to do the bidding of their Jew masters and impose anti-Christian, anti-white man philosophy and thinking upon a de-educated generation whom they hope to cause to race-mix to extinction. Like little lambs being led to the slaughter, our people are truly killed all the day long. Race-mixing is more than a plague, it is an evil epidemic of death sweeping America even as I write.

Another historical lesson is the political rise to the power of the Third Reich. If you believe that such a landslide political victory is possible at this time in America, or any other white country, then you are mistaken. Nearly every white nation in the world has the same immigration/integration problems that are prevalent in America (with the possible exception of Iceland or a few ex-Soviet satellites). With large numbers of non-whites on our soil, firmly entrenched in government, there will be no landslide victories by ballot. Sole exceptions may occur on local levels, but even then, barring fixed ballots, any pro-white politician elected into office will find himself surrounded by opposition and left completely impotent to accomplish anything of value. As for political success in a region, the suppression of Serbia should prove

well enough why that will not work - Kosovo was forcibly integrated with Albanian immigrants despite the "democratic" desires of the Serbian citizens. Only the Jews are exempt from forced integration in their treatment of the Palestinians. Have you ever voted for integration here in America? So much for democracy.

There was a time and a place for brown shirts and white robes, but those times and places are history. It may well be that the ideas behind those uniforms reflect aspects related to The Cause, but today we must thoroughly examine the world we live in; the past is for lessons. The very reason brown shirts and white robes were so successful historically was because the ideas behinds those uniforms were eternal yet revolutionary, they were also novel in that they fit their time and place. Today, we will only begin to make great strides toward victory when we determine what will work now, and build a machine (or machines) to fit the job at hand. The Cause is the foundation for such a machine. The Cause is a revolutionary idea. Now build around it. The Cause is the will of God for His true chosen people.

Since the movement is dead, let's use it as a history lesson. Let us remember, it makes no difference how sincere or zealous that person is if that person is wrong in their belief systems. It simply means he is sincerely wrong, but still wrong. If we dig through all the idiocy, play-acting, absurdity, divisiveness, sell-outs, infiltrators, traitors, half-assing, infighting, country-clubbing, false philosophy, false religion, and complete disasters, we can find that the movement has produced four kinds of people.

1. A core number of semi-educated and educated (in terms of Truth) "die hards" that the movement terms "activists" (because they are active);
2. Far too large a number of convicted felons;
3. An undetermined number of inactive, disillusioned ex-movement members who still believe in The Cause;
4. A completely titanic number of quitters, fakers, and closet-dwellers.

Discounting the fourth group, the first, second, and third groups may still be of use to The Cause, assuming they (you) are ready to stop playing "movement" and seriously take up The Cause.

We have already defined that The Cause is a revolutionary ideal, articulated by the living Christ 2,000 years ago. So, if you are dedicated to The Cause, a true activist, a true believer, then this means you must think "Revolution," this means study "Revolution," this means preach "Revolution." This must you must be a Revolutionary. Live it.

Preach what is now the revolutionary ideas of the racist Christ. Incredible as it may seem, one of the leading tenants of real primitive Christianity was the principle of the preservation of the chosen seed or royal race of Adamic man. It would not have seemed so strange a hundred years ago for one to have stood and proclaimed the racial truths of Christianity. Today, due to the Jewish gospels of pre-millennialism and the perversions of Martin Luther's message, and the continuous corruption of Catholicism by inside Jewish destroyers, we can only conclude that America is believing Jewish fables and has substituted another gospel for the real good news of racial purity in Christ Jesus. I need only point to the scholarly works of Pastor V.S. Herrell, who has objectively and scholarly presented the truth of all that I have said herein.

I earnestly believe that if Dr. Wesley Swift or Dr. Comparet were alive, they would be uniting with the Christian Separatist Church Society. Instead, we are fed a deadly diet of repackaged Jehovah's Witnessism, Church of Christism, and a little Mormonism by the so-called Identity Christian movement. We are given a lethal cocktail of Freemasonry and Cosmic Theism and Deism.

There is little doubt that this generation will answer for their refusal to hear the truth in due season. Dr. Herrell tells me that Church membership continues to be smaller than a little flock. But he also tells me that if everyone who has heard the truth would join together in the true Church of Jesus Christ and for the sake of racial truth, that the white people in America could be a positive religious force to be reckoned with, armed with the racial proof that Dr. Herrell has proven to be in the New Testament of Jesus Christ. Sadly, rather than getting behind the Anointed Standard Translation of the New Testament and promoting the one literary work in America that can truly bring about white revolution, most so-called Identity members continue in their own deception, deceiving and being deceived. Others who profess to agree and know the truth, know the truth only intellectually because they do not do anything about what they know. It is therefore not their truth until they act upon it. It is just an intellectual diversion or a pleasant way to spend the evening on the internet or perhaps with one of Pastor Herrell's revolutionary and motivating books of truth.

The advantage we have today that the old movement did not always have is that when someone accuses you of wrongdoing when you preach "revolution," all you have to do is point in any direction to the "revolution" that was perpetrated upon us, to the nearest racial alien, the nearest government office, the latest victim of a racial incident, or to the newest "laws" which promote our genocide by forced integration and immigration, and say: "They've pulled a revolution on us, we're just defending our future place in the world." Because truly, we are currently on the defense, and not by choice. Others chose these conditions for us; there was never any "democratic" vote on the issues. The Jews simply decided 2,000 years ago to wipe real Christianity off the face of the earth and they have always understood that they must kill off the white biological container in order to do this. They have become experts at bribery, extortion, false propaganda, brainwashing, murder, and all manner of deceit.

Our next historical lesson is the revolutionary activity of groups like Sinn Fein and the IRA. [Now, I'm not necessarily "for" the IRA. That whole mess could and should have been resolved way back when Michael Collins showed the Brits how the game was to be played. Then, shallow-minded rivals murdered Michael, Communism became involved, and the IRA "revolution" has been prolonged to this day.] Read up on Sinn Fein and the IRA; note their methods of revolutionary propaganda, their successes and failures. Then, note the two distinct divisions: the aboveground, above-board, strictly political organization versus the belowground, strictly underground army.

Our Revolutionary Cause must firmly adhere to these two divisions. If you choose to carry our Cause to the world by giving voice to the Revolutionary Truths, then you should do so legally and legitimately. This simply means that you must join yourselves with like-minded people in a disciplined, mutually protective, legal group. You must do so with the understanding that the

visible, aboveground organization of white patriots or white Christians are there for the sole purpose of being the torchbearers of the published truth. This does not mean that you will not suffer persecution for your beliefs or be harassed by a tyrannical government which comes to harass you because some Jews have complained about your existence. So long as white men have the ability and freedom to stand up like men and voice the truth as the Living Church of Jesus Christ, then I believe that God shall call many to the purpose of holding up the banner of truth to a lost and dying generation. It is important for those aboveground or semi-aboveground revolutionaries not to engage in any illegal activity. They must only practice distributing the truth.

The tactic has been since the Un-Civil War to invade such groups, get something on one of the members that they might extort that member through the tyranny of intimidation and purposely set up others in the group to bring charges of conspiracy, racketeering, or other conspiratorial laws against them. Therefore, any man or woman who is going to stand up for the truth must be willing to submit themselves to the discipline and leadership of whatever body of white patriots they submit themselves to in order to promote the truths of the God of Nature.

There is no room for foolish, self-aggrandizing, illegal acts of any kind in the aboveground, strictly political "tree" of The Cause (a tree exists where all may see ... its roots are out of sight). As with Sinn Fein ("ourselves alone"), their acts are political and above board, yet completely revolutionary. Study their forms of propaganda, and learn from their techniques.

The IRA underground (the roots of that tree) is a different story. By necessity, they do not play politics; their revolution is not one of words. It may be that the IRA is very limited in territory and area of movement, but they still keep their division from vocal politics. They are nameless, faceless men and women. The only time these warriors surface is when they are dug up by the system and killed or imprisoned. Only then do they maybe become heroes of their cause. But, that is not the point of their existence - to become dead "heroes" - their point is their fight, they are playing for keeps. Let the other side have dead heroes.

There are far too many in the old movements who have gotten caught "playing in the street."

The Road of Revolution has two lanes: North and South, aboveground and belowground. As far as our Cause is concerned, there are only certain "types" that will be found wandering in the middle of our "Revolutionary Highway": dead skunks, yellow streaks, rats, plants, informants, federal agents, AND GOD-DAMNED FOOLS. If you are active in any legitimate, aboveground organization, if you go to rallies and meetings, if you pass out literature or engage in heated debates on race, religion, or politics, then you are taking an aboveground stance, and not only do you not have the right to take part in physical acts of justice, you are the enemy of The Cause if you do.

If your thing is overtly "illegal" or violent acts of justice or retribution against Big Brother, then you do not strike out against the system and then go underground; no, the thinking, sane revolutionary first goes underground, gets secure, picks his target carefully, then does his thing and gets away with it. He realizes he is on his own, he doesn't seek approval and permission from his movement "leader," he doesn't boast to his girlfriend, drinking buddies or other wannabe "Aryan Warriors" about his plans or actions. No, what he does is follow the endless

stream of thousands of disenchanting souls deserting the movement for whatever reason as they herd themselves back into the caring arms of Big Brother to serve out their worthless lives as System wage slaves working for the great Establishment machine. Then, from the vantage point of total obscurity, the world becomes his playground. And I do mean the world, for unlike the IRA that is limited to a stalemate in their backyard, our Cause is alive in every "white" nation of the world.

Aboveground groups and individuals must keep their noses clean, no excuses, no compromises. Any "member" who compromises that cleanliness in any way MUST GO. Period. No discussion unless it is to decide how long that individual will be banned or "outlawed," if not permanently. Is this harsh? Not at all; not compared to the serious damage that has been done to organizations and innocent activists and their families by wannabe warriors who obviously did not care enough to take the obvious and necessary step of distancing themselves from aboveground activities. It is such fools who I say are our enemies as surely as if they wore shiny badges and windbreakers that say "FBI" or "Polizei" on the back.

At this point, I must clarify the term "illegal." In a number of countries, simply publishing an article like this one could land an activist in prison. Sometimes, such borderline "legal/illegal" acts are both necessary and demanded by circumstance, and there are also times when such acts are acceptable in order to force the Establishment to react to us (as opposed to us reacting to them). The most productive and vocal organizations and individuals will be attacked by the System in some way or another via false charges, misdemeanors, raids, tax audits, etc. Such "legal" assaults against us are inevitable. Remember, the Jews are continuously making up stuff to call the FBI about. The FBI has caught a few of them, but you don't hear about that.

Victims of such System attacks must be held up as political heroes by all who fight for The Cause, and be supported without hesitation. We cannot continue to act like sheep when a comrade is picked off. We must support the fallen, the victims of Big Brother. Our support will make the Establishment look like the evil, tyrannical, plutocratic oligarchy that it is. "Support" is a method of propaganda. Use it. Rally, picket, protest, e-mail. Support all who are attacked or imprisoned for any legitimate activism in support of The Cause. Support then becomes a method to productively unite true believers of The Cause. A front or a semblance of unity is a preference in our Pan-Aryan effort.

Observations of the old, dead movement show that the older set are largely inactive, sitting around in the closet studying, preaching to the converted and waiting (some have been "waiting" upwards of 50 years for "our day" to come). At the same time, the younger set spend their free time throwing on white power rock, getting drunk, and occasionally tromping the Doc Martens on some race-mixer's head (far too many youths have gone to prison for such worthless efforts; there are more race-mixers than they can stomp, and more muds than they can throw beer bottles at - although, at least they are doing something). Most movement organizations have been stagnant for years, completely impotent to any good work, too often taking up dead causes and fornicating with the harlot that is the Right Wing (if at all successful, such half-measures will bring pressure from the System, so why compromise what you believe when you can take up The Cause and be persecuted for a truly righteous ideal?). From all accounts, and barring true

Activists, this pretty much seems to sum up the "movement" in most corners today. The movement has become introverted and impotent.

The true revolutionary of The Cause must become an EXTROVERT. This means he does not spend all his efforts to preach to the converted. This means he carries The Cause into the streets to the common man. The movements calls these types "activists," but every member of The Cause is required to be an activist. The Cause as we have outlined it is a simple thing, easy to publish, easy to preach, and all too obvious today. The race issue has become so clear that many, perhaps most, whites see it, and nearly every white family has been touched by it, many even in the most cruel ways. Whites hide this away with many excuses. It is our job to get them out of the closet (perhaps even force them out), get them away from the pacifiers of TV, alcohol and drugs. Most are so tired of hearing the tons of Establishment b.s. that they want to hear some simple truth. The Cause must become that simple truth. The disenfranchised white race is looking for "something." But they are kept so divided by a multitude of compromising "causes" and continuous threats from an ever-growing police state that white efforts have no effect. In America for example, if it isn't the obviously failing "Right Wing", or clubs like the John Birch Society, then it's the half-assed position of the Populists or Libertarians-these things aren't even good "band-aids!"

Whites in America would rather march in great numbers over the removal of the Confederate Flag from state buildings (buildings which represent the enemy) than over the latest immigration bill or ship-load of "refugees." The "Rebel Flag" may very well represent ideas and history related to The Cause, but I will cease to be impressed until such numbers gather in rage over the next non-White gang-rape and murder of a beautiful Aryan girl. **THE GENES OF OUR RACE ARE MORE IMPORTANT THAN ANY PIECE OF CLOTH!** Our genes must become our banner. White men and women around the globe are waking up to the realization that their countries are no longer "theirs," that in every case "White" nations have been captured through deceit, trickery and force, and the Establishment governments of the world now cater solely to the racial aliens who are promoted to be the breeding partners of our future generations.

My racial kinsmen, this is not solely a "Jewish conspiracy," not when the white upper-classes of the world have all too willingly crawled into bed with the Jewish banksters - into bed both symbolically and literally. The bastards who run this political show are our first and foremost enemies, they must be exposed as such and we must stop catering to their programs. From now on we shall demand only one program: The Cause. Only one Law: The Truth.

It is time to get your head out of the toilet and start treating our struggle for The Cause with all the zeal of a Religious Crusade, because it truly is just that. The Cause is the most important crusade of our age, and it must be made the only one. Not only must you believe in The Cause, you must act the part, LIVE IT, with all the zeal and virtue you can muster. We must each become evangelical apostles, AMBASSADORS, carrying The Word of The Cause that is Truth to the dejected and discouraged masses; we must become Crusaders, Kreuzfahrer, willing to drive the Cross of our Crusade into the heart of the vile serpent of the Establishment which threatens to murder and devour our Racial Family both eternally and irrevocably. All must learn that RACE-MIXING IS GENOCIDE.

There is a Line, a thread that runs back through time, a genetic thread that represents the endless, timeless sojourning of our Aryan Race upon this earth. From our beginnings in the very Mind of the God of Truth when we were born in Eden pure and White, undefiled, through endless wars waged upon us by bastards who would see Aryan men slaughtered and enslaved and Aryan women become their sexual toys and tools for down-breeding and vile corruption. Through this line of generations our Ancestors have bled and died to see our Line prosper. The earth is littered with the mongrel graveyards that represent wars lost: India, the Arab states, the lands of the Turks, islands like Haiti which was once white, Santo Domingo, Mexico, South America, North Africa ... these places and so many others represent battlefields of the fallen where our Line was eternally severed, where it lays irreparable, broken. Back through these places of war and bloodshed our Line stretches out into the past, stringing out to us and attached to our very souls like our umbilical cord of life, weaving through our being, through every atom, through our genes, and we each represent a loop in our Line, a link in our Aryan Genetic Chain. The Line is a Sacred Thing, a Holy Artifact, an Endless Book being written in ourselves. Write your page well, for your personal Link in our Genetic Chain is Sacred. YOUR LINE IS THE CAUSE. Fools tell us that a "race war" is "coming," they are so blind that they don't see that the race war has been raging for thousands of years and it has never stopped. The race war surges on around us as our Line is being shredded, burned black and left dead and lifeless. From those shredded remains the mongrel armies of Hell are rising up from the grave of our Line to slay loop after loop by force of groin alone. No bullets need they fire, their weapon is the impure and poisonous genetic material they are pumping into the wombs of young White women; their sword is the hypnotic lies that they tell young White men: "All is okay, all is well, your sister is in good hands, come join us in our endless party." Race-mixing is Genocide and the ones preaching it, teaching it, and enforcing it most zealously are as White as they come. They are the upper-class of the Establishment leaders of governments, of the media, of education, the so-called "elite" of "society." Why should brown "warriors" need bullets when they can fight their war laying prostrate upon White women while White men stand guard armed with loaded weapons and the "authority" of loaded laws to see that none interfere with their own destruction? This rape of our Line is the purpose behind the Establishment System of "government," this rape is the race war, and everyone behind the System regardless of color is the enemy ... and the Line has been drawn in our Blood!

A little over one hundred years ago it was estimated that the white race made up 60% of the total world population. Today, our Race makes up less than 7% of that total, AND WE HAVE A DECLINING BIRTHRATE. This is a high estimate. We have been facilitating our own destruction by feeding, clothing, and raising the technological level of those "third world" nations that were never endowed with the creativity to rise above their own self-imposed squalor. We have been warring against ourselves, all in the name of "humanity."

Aryan man and woman, the time is long past when we must take this war upon our Line seriously. It is time to come out of the "movement" and let its dead husk fall behind us. Time to repent of our misdeeds and fornication with the "right wing" and dead movement causes. Time to dedicate the Sacred Cross of The Cause and carry it out into the world. Whether inspired

Apostle of The Cause, or grim Crusader of The Cause, we must go all out to see that our Line remains intact. Like the earth and the universe itself, our Line is eternal, and if anything is sacred, if any Cause is pure and just and good, our Line certainly is. It is time to take the war to the enemy, time to stop reacting to the System's attacks on us and make the System react to our attacks upon it.

Some may consider this article an attack on "the movement" and certain movement "leaders" in particular. Well, if you practice negative, introverted, self-aggrandizing, country-clubbing, half-stepping, compromising ways then it is. You are either for The Cause or against it. You are either helping it or hindering it. If you feel this is an attack on you then get in line, reconsider your current stance and position on things, and repent of your evil ways. Yes, there are organizations within "the movement" that may conform to The Cause, but it is time that they separate themselves and come out from among the rotting corpse of the movement and declare themselves Organs of THE REVOLUTIONARY BODY OF THE CAUSE, the Head of which is no one man but the very God of Truth. (The God of Truth is our Father, as surely as Nature is our Mother.)

If you decide to become a member of The Cause then you already have. BELIEF is your first step; ACTION is your second. "Membership" in The Cause is proven by WORKS, not by a piece of paper, nor by admonitions of "belief." One need not join any organ of our Revolutionary Cause to join the fight. As movement "activists" have long ago learned, lone men and women who carry The Word of The Cause to our Race by word of mouth, by distribution of Revolutionary literature, and by personal recruiting can be as effective as many "movement" side-shows. Simply subscribing to publications which promote The Cause is all the "membership" these Ambassadors of Truth need. Through such publishers they get their ammunition, and some have even begun to develop and learn the tactics of corporate recruiters. Whether Apostle or Crusader your success may be measured by Media and System reactions to your efforts. If your revolutionary acts cause the Establishment of Evil to react in any way then you can be sure you are on the right track. Only in individual recruitment do you want to go unnoticed, for every unknown convert to The Cause builds upon the Revolutionary Army which the System fears the most. One thing is for sure, the bastards hate all that is pure, all that is White, but particularly all who put PURE+WHITE+REVOLUTIONARY together!

For Those Who Disagree

Some may protest that the movement is "sufficient" and "has worked so far." No it has not. Why? Because if such a mixed and divided lot could have been successful it would have; there has been more than enough time, blood and money wasted. Others ask by what authority or right David Tate has to call for an end to the "movement"? The Authority of The Truth, and my right as one who has spent his very life's blood for a movement that doesn't really give a rat's ass about The Cause. You say you care, you proponent of lost causes? I say, hell no, you don't! If you did, I, my fellow Br?ders, and several thousand other fallen comrades wouldn't be behind bars around the world. We have sacrificed, and no amount of patting us on the back can replace what we have given up. Only Total Victory can satisfy the spilt blood of our martyrs. Only Total Victory can replace our lost and broken families. Only Total Victory can give us back our

freedom. ONLY TOTAL VICTORY CAN GIVE BACK A FUTURE FOR WHITE CHILDREN. The "movement" has proven itself incapable of this. Only by falling behind The Cause en masse, as one, can Total Victory be realized.

You movement "leaders" who do not fall in line behind The Cause are become the enemies of The Cause, the enemies of our Racial Line. If you do not "lead" your followers out of the dead causes of the movement, into the Path of Truth, and onto the Battlefield of Victory behind the siege engine of The Cause then you simply prove yourself to be a sham. You are holding us back, and like dead weight you need to be cut loose, no matter how sincere you are. If what I have written is not enough to convince you to fold up your old uniforms and put away old dead causes, then you are none of mine, and I am left with only two impressions: You are either too self-centered to care about the Future of White Children; or, you are a System plant. The only way to convince me otherwise is to dump the movement and join The Cause. It is the Only Way, and we will welcome you with open arms. (Some will be reluctant to part with their old organizational titles, if you need such a security blanket then keep it, just conform to The Cause: preach The Cause, require ALL followers to be Activists).

For those "followers" whose "leaders" refuse to fall in line, I ask you: Is it right to obey The Truth, or men? Those who will not join with us will scatter ...

COME JOIN THE CAUSE!

Eight Revolutionary Points

1. The Cause is the Preservation and Separation of our Aryan Race that our Genetic Line may remain secure for eternity. As a wise man once said: "What we must fight for is to safeguard the existence and reproduction of our race and our people, the sustenance of our children and the purity of our blood, the freedom and independence of the fatherland, so that our people may mature for the fulfillment of the mission allotted it by the Creator of the universe" (Mein Kampf, Chapter 8).
 2. Race-Mixing is Genocide. Down breeding must be stopped at all costs.
 3. Our Nationalism must become the Unity of our Race World-Wide. No more boundaries. The Cause must become a Pan-Aryan effort.
 4. There is only One Program: The Cause. Only One Law: The Truth. If it does not promote The Cause then do not promote it. Period.
 5. The Cause is a Revolutionary Ideal. You must think, study, preach Revolution, Become a Revolutionary. Make the System react to you.
 6. Become an Extrovert, be positive. If you practice the art of conversation you will improve, seek training if you need help, professional and corporate level classes are available.
 7. "DRIVE SAFELY." Stay in your lane of the Revolutionary Highway (Drunk drivers not allowed, violators will be prosecuted). Those found in the middle of the road are fools or feds, send both packing.
 8. If you cannot recall at least one Revolutionary act in the past week then you have failed The Cause. Repent! Do penance by completing two Revolutionary acts today! Go and sin no more ..
- White Revolution Is The Only Solution!**

"Pacifisim will remain an idea, war a fact, and if the White Race decides to wage war no longer,

the colored will, and will become rulers of the world."

Oswald Spengler, "Decline of the West"

"I know that some man capable of giving our problems a final solution must appear. And that is why I have set myself to do the preparatory work, only the most urgent preparatory work, for I know that I myself am not that one. And I know also what is missing in me (to be the one). But the other one still remains aloof, and nobody comes forward, and there is no time to be lost."

-- Adolf Hitler as quoted by Hans Grimm, 1928

Defining An Activist

An activist is one who is active. This does not mean that he merely throws around money and does good deeds for movement "leaders" (often the first sign of a federal agent). An Activist is out to carry the Word of The Cause to our race. He is not necessarily out to gather numbers, for in volume we find many fakers and system plants. Rather, he is out to find true believers, those of his own mind, those who may become Activists and in turn carry The Cause to others.

The object is not quantity, the object is quality. The object is not the rich or influential. Those types rarely become Activists. They already have a "cause" and it is chained to the economic stability of the System. It can be said that The Cause is not furthered by the economic stability of the System, and if the System continues to function, so will race-mixing continue and race-mixing is the genocide of our white race.

A true Activist is a True Believer. His belief is reflected in his activism. To the Activist, belief and action go hand in hand, and he does not let the action or inaction of his peers sway him from his course. To give in would be to give up, and would only prove that he stopped believing in his Cause. He realizes that the "inactive" do not actually believe what they profess, for true belief inflames the True Believer into action.

A True Activist has come to realize that his mind is his sword; that no one else can shape it nor sharpen it lest it be himself. He has come to realize that in a world of lies, Truth is not found in the herd, but in himself, for he sees that much is amiss in that dark cavern behind the world of glitter. His ability to see so clearly in the darkness proves that there is Something Greater to believe in - whether God or inborn instinct - Something that calls him to act upon what he knows.
