Issue #5

Multi-Racial Violence in Schools

Minorities are notorious for causing problems in schools. They beat on whites just because they are white, they bring drugs, rap music, and even begin raping women at the high school age. I know some High School students do not have to deal with too many colored people, but let Los Angeles be an example to you, because this could be your school and town very soon that becomes a hell hole war zone! Especially with Illegal Immigration at its all time high and minorities high birth rates! Do you want disruptive, violent, sexist non-whites in your school. Making sexual gestures at your girlfriend and calling her "bi**hs & Ho's?" Do you want gangs of non-whites jumping you in the bathroom? Do you want rude non-whites disrupting your classroom and disrespecting your teacher? Do you want to worry everyday about gang violence, who's got a gun, are you going to get beat up today? DO NOT LIVE IN FEAR, LET'S TAKE BACK OUR SCHOOLS NOW!!! If you have very few non-whites at your school, and some are even your friends, wait until more come then they will band together and become violent. Non-whites stick together because they have racial identity, something the Jews stole from us, stick together white youth and look out for each other! We must stop integration and keep our schools, white, clean and safe!

Violence in inner-city L.A. Schools 2001-2002

-416 students were expelled for violent acts.

-137 students caught with a gun, or knife, or any other illegal weapon.

-44 students blamed for violent acts.

These are only the students who got caught, and there are no available statics for vandalism, kids urinating in the hall ways, littering, and literally trashing the schools beyond believe. They look like prisons, fences, metal detectors, high security, probation officers, on-campus cops, cameras etc.

Important note: Blacks have the highest drop out percentage rates in the nation.
