

Aryan Nations Awake!

The enemy is here. Are you ready for RaHoWa or gonna let any chance of hope slip by onto our children?

'THE GREAT REPLACEMENT' IS 'THE KALERGI PLAN'.

## **THE GREAT REPLACEMENT = THE KALERGI PLAN**

You can do your own research. But here is a summary of it all. A guy named Richard Von Coudenhove Kalergi is the brains behind it all. A Euro-Japanese hybrid Jew freak, laid out in his book, 'Practical Idealism', that the Europeans will be replaced by a 'Eurasian-Negroid' hybrids ... Which is why, there has been a flood of non-whites pouring into America and Europe, ever since the early days of the EU. They call them refugees, temporary workers, tax payers, highly skilled immigrants ... whatever ... it doesn't matter. Different reasons for the same end result.

The EU now wants to accelerate this transformation with three destructive plots ...

### **1.) THE INTEGRATION OF MIDDLE EASTERN NATIONS**

...

Starting with Turkey. They will first integrate turkey and then expand to the other countries such as Syria, Lebanon, Azerbaijan and so on.

These are some examples. The EU will always try to expand into the nations bordering it, even if it isn't really 'European' ...

## **2.) THE INTEGRATION OF NORTH AFRICAN COUNTRIES INTO America and THE EU**

If this happens, there will be a literal endless flow of Sub-Saharanans and North Africans into the EU, LEGALLY. This is because the Maghrebi nations will then become a part of BOTH The European Union AND the African Union (Yes, that exists, if you didn't know ... ). This will make the north African countries a legal grey area that allows for UNLIMITED LEGAL MIGRATION, IF OPEN BORDERS ARE CREATED, SIMILAR TO THOSE BETWEEN EUROPEAN NATIONS WITHIN THE EU AND AMERICA.

Of course, they will use all sorts of legal language like economic cooperation or whatever, but the end result will be the opening of Europe's borders to these North African nations, and inadvertently, Subsaharan nations.

The days of the 'refugee' boats in the mediterranean will be

over. Why go illegally on a dangerous trip across the Mediterranean, when you can do it legally and safely through the 'grey area' of the North African countries?

### **3.) THE FINAL STRIKE**

This will be the final strike of 'the great replacement', when all of the white world on the old continent will be under the Coudenhove Kalergi Plan, "From Lisbon to Vladivostok", as said recently by the great president Macron.

All that will then be left, is for low birth rates, race mixing propaganda, mass immigration, high non-white birth rates, hate speech laws and wholesale mongrelization to take its course ...

This is their endgame.

This is the endgame for the white world, under the Kalergi plan.

Connect the dots. Use your head. Figure it out.

Spread the word.
